INTRODUCTION OF LEGISLATION
TO GRANT FEDERAL CONSENT
TO THE KANSAS AND MISSOURI
METROPOLITAN CULTURE DISTRICT COMPACT

HON. KAREN MCCARTHY

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 15, 2000

Ms. MCCARTHY of Missouri. Mr. Speaker, today I announce my intention to introduce legislation to grant the consent of the Congress to the Kansas and Missouri Metropolitan Culture District Compact, a successful project I have worked on for over a decade.

In 1987 I sponsored enabling legislation in the Missouri House of Representatives to establish a bi-state cultural district for the Kansas City metropolitan area of five counties in Western Missouri and Eastern Kansas. This unique effort in our nation provides a secure source of local funding for metropolitan co-operation across state lines to restore historic structures and cultural facilities. Through the next seven years I worked closely with my counterparts in the Kansas State Legislature, the Mid-America Regional Council, KC Consensus, and civic leaders and elected officials to secure State and Federal approval. When the Bi-State Metropolitan Cultural District Compact was finally sent to the U.S. Congress for authorization in 1994, I appeared in Washington, D.C. in support of passage of this Compact, along with my co-sponsor, Missouri State Senator Harry Wiggins.

I am proud to seek approval of the continuation of the Kansas and Missouri Metropolitan Culture District Compact. Approval of new State and Federal legislation to extend the Compact is necessary for three reasons. First, the existing Bi-state Contract sunsets at the end of the 2001 which means the local revenue stream will end unless new legislation extends the authority. Second, the new Contract expands the cultural definition to include sports facilities important to the region. Finally, with the consolidation of the governments of the City of Kansas City, Kansas and Wyandotte County into the unified government, the Kansas representation on the Bi-State Board was decreased by two Board Members. Consequently, Missouri currently has an advance of two votes. The new law corrects this inequity so that membership on the Board is balanced with half of the Members from each state.

Over the past four years the Greater Kansas City area has seen the successes of the original Compact. It has made possible the restoration of Union Station which is one of the Midwest's greatest historic landmarks and the largest preservation project currently underway in the United States. The restoration project has been a unique example of a bi-state, private-public, local-federal partnership. Continuation of the Compact will allow the metropolitan area to further this productive alignment for successful arts and cultural ini-

tiatives in the region, and I expect more will be done in Kansas using the revenue in the next phase of the Compact.

Mr. Speaker, I am requesting the House join me in supporting this worthwhile and successful effort in our districts by granting federal consent of the Kansas and Missouri Metropolitan Culture District Compact.

CONGRATULATING FRESNO
COMPACT

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 15, 2000

Mr. RADANOVICH. Mr. Speaker, I rise today to congratulate Fresno Compact for being awarded a "1999 Distinguished Performance Award," by the National Alliance of Business (NAB). This award designates Fresno Compact as the number one local business-education coalition in the United States for 1999.

Fresno Compact is a broad-based coalition of leaders from business and education, whose focuses are to improve student achievement and to bring business leaders and educators together. The Compact helps coordinate such programs as the high school "employment Competency Certification" and the Chamber of Commerce's business partnership programs. It also participates in school-to-career activities of the State Center Consortium and works with the Business Education Committee.

Fresno Compact began its alliance more than ten years ago. It focuses on influencing educators to provide teaching that better prepares students for the workforce. According to NAB President Robert Jones, Fresno Compact is a "catalyst that focuses the attention of Central California business, education and political leaders on long-term, cooperative programs that are designed to raise student achievement levels and provide skills needed by local employers."

Mr. Speaker, I want to congratulate Fresno Compact for being awarded the "Local Coalition of the Year" award. I urge my colleagues to join me in wishing Fresno Compact many more years of continued success.

IN RECOGNITION OF MS. JULIE
WILLIAMSON

HON. DAVID D. PHELPS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 15, 2000

Mr. PHELPS. Mr. Speaker, today I rise to recognize one my district's finest teachers, Ms. Julie Williamson. A first grade teacher at the Pioneer School in Neoga, IL, Ms. Williamson recently received the award for "Illinois Ag in the Classroom Teacher of the Year" by the Illinois Farm Bureau. She was chosen as the recipient from a group of more than 1000 Illinois teachers.

Ms. Williamson's method of teaching allows students to learn about and appreciate the benefits of agriculture. She teaches her students where the products come from and how the products reach them in their everyday

lives. She wants children to understand the connection between the farm and the table. Ms. Williamson believes that people need to understand where their food originates in order to be more appreciative of the people who supply it. Some of the activities that she brings into her classroom are: bread making, field trips to local farms and orchards, and honey-making with live bees. Ms. Williamson's next step will be to attend the U.S. Department of Agriculture National Ag in the Classroom Conference in Salt Lake City.

It is with this, Mr. Speaker, that I say congratulations to Ms. Julie Williamson on her excellent accomplishment. Due to her dedication to her students and community, it is clear that Ms. Williamson is an asset to Illinois and the educational system.

HONORING PROFESSOR MARGARET
MURNANE

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 15, 2000

Mr. UDALL of Colorado. Mr. Speaker, today I honor one of my constituents, Margaret Murnane, who is a physicist at the University of Colorado at Boulder. This week Professor Murnane received a "genius" award from the MacArthur Foundation for her work in optical physics. She is one of just twenty-five Americans named as MacArthur fellows this year.

Professor Murnane has developed a camera-like laser that emits pulses of red light. Applications of this laser technology range from laser surgery to monitoring water content in cooking. Additionally, this laser can aid scientists visualize processes that are too fast for the human eye to detect, such as chlorophyll harvesting sunlight, which is a process in plant growth.

When she was a child, her father used to give her math puzzles to solve. Without a doubt, this practice contributed to her passion for science. This shows what a little parental involvement can do to further the development of a child's mind.

Professor Murnane's contributions to science, education and technology will have a large impact on our society for years to come. I am pleased to honor her today for her accomplishments.

COMMEMORATION OF THE 50TH
ANNIVERSARY OF THE START
OF THE KOREAN WAR—A SPECIAL
TRIBUTE TO THE 503D
FIELD ARTILLERY BATTALION
OF THE 2D INFANTRY DIVISION

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 15, 2000

Mr. RANGEL. Mr. Speaker, I rise to pay tribute to the courageous Americans who fought and died in defense of freedom in the Korean War. On June 25th, we will commemorate the 50th anniversary of the start of that conflict—the so-called "Forgotten War"—which claimed more than 35,000 American lives.

On behalf of President Clinton, I will co-chair, with Veterans Administration Secretary
